

WINCHESTER DISTRICT #1 PRESCHOOL SCREENING

Winchester Unit #1 in cooperation with the Four Rivers Special Education District is offering free developmental screenings to all children, 2 ½ through 5 years of age (not entering kindergarten), on Thursday, May 4 and Friday, May 5, 2017. The screening, along with a parent questionnaire, will help determine eligibility for the Pre-Kindergarten program provided through the local school district.

PARENTS RESIDING IN THE WINCHESTER SCHOOL DISTRICT SHOULD SCHEDULE AN APPOINTMENT FOR THEIR CHILD BY CALLING THE PRE-KINDERGARTEN PROGRAM AT 742-9551, ext. 339/342

Developmental screening provides a brief check of a child's motor skills, basic concepts and speech and language development.

It is recommended that all children receive a developmental screening annually prior to attending kindergarten.
