## Marketing

Winchester High School has had this class for many years but there is going to be a new adjustment with this class next year. Mrs. Sellars is the one who teaches this class and has taught this class. In marketing you learn how to sell items and how to market yourself or market your business. Last year I took marketing and we had done a lot of book work to learn about it but next year for the new marketing class they are going to actually be able to have experience on marketing items.

The new jumbotron that our school has recently put in at the Winchester Grade School. That jumbotron is going to be what the kids market for that class. The kids who take this class are going to be able to call business to set up meetings with people to try and sell ads for the jumbotron. The Winchester High School office secretaries are the people who run the jumbotron by selling ads and advertising for people's businesses, but the marketing class will take over the jumbotron. These kids will be able to get

experience with marketing from talking with people to try and sell ads to market that jumbotron. This class would be a great class for a high school student to put on their resume when applying for college.

## London Attack

On March 22, 2017 a terrorists attack took place in the area of the Palace of Westminster in London. There were people from 11 countries that were

among the dead and injured. The attacker drove a car into pedestrians on the pavement along the south side of Westminster Bridge. More than 50 people were injured and 5 of them have passed away. The attacker wrecked the car and abandoned the vehicle and ran into the New Palace Yard where he fatally stabbed an unarmed police officer. The attacker was then shot by an armed officer where he died at the scene. The attack lasted a long 82 seconds and it was treated as Islamic related terrorism. Islamic State claimed the attacker answered its calls to target civilians. The attacker sent Westminster into lockdown. The attacker was burly body building enthusiast Khalid Masood, 52, he was born on Christmas Day in 1964. The married father of 3 spent years moving around the country and prison system. He also had many identities. There were nine people

that got taken into custody for questioning and only two remain in jail. Police have seized over 2,700 items in searches.

## **New Golf Coach Opening**

The West Central Golf Coach position is open to anyone that would like to become a golf coach. The current golf coach is Jeff Davis and he is trying to get out of the position of

being a head coach because it's a lot of hard work and dedication. But if the next golf coach needs help I'm sure Jeff will always help out the kids and help them with their swing. Jeff said that if they can not find a new golf coach then he said he will come back and coach again because he doesn't want the school to lose the golf program after being this successful with it. The head coach job is a big deal you have to just go to the office and apply then they will give you a call if you are qualified for the job or not. You have to know how to golf and you have to know all of the rules about golf and

know what to do if there is a ruling that needs to be called on the course. Head golf coach is a lot of hard work and dedication you have to put in a lot of hours in and a lot of your time.

## **High School Geography Class**

**By Allie Davidson**

The geography class at Winchester High School is very cool. The teacher for this class is Mrs. Barnett.

This class is so interesting. We talk about everyday news. We get to make a world map and on it you can

make your own compass. You have to draw the map, but she give you papers with different parts of the map on these papers. You also color your map. The thing is you take a lot of notes, but they are very useful. You use your notes to fill your review sheet. Everything that is on the review will be on the tests. Tests are not that hard. The tests are multiple choice.

## **Transformers: The Last Knight**

By: Andrew ( Fluff ) Armstrong

The newest movie to come out in 2017 is the 5th and maybe the last Transformers movie. The movies were created and directed by Michael Bay. This movie is supposed

to be about how humans are fighting transformers, and they are trying to uncover the secrets of why the transformers are on earth. Kade Yager ( Mark Whalberg ) is trying to save the world with Bumblebee and a professor and an English Lord. Since the leader of the Autobots, Optimus Prime, is gone it's seems like they're going to have a hard time fighting Decepticons. I personally can't wait to see the movie, I've seen the other 4 movies and have been waiting to see this movie for a long time. When I watched the end of the 4th movie I just thought, " there's going to be another one. " And I was right, so now I just need this final movie to come out so that I can see all 5 of them. Then I would also be able to buy the collection of the transformers movies and expand my movie shelf. So if you like to watch movies and action, I'd say go see the new Transformers movie.

## Life of a Freshman

By:Jaeden Hettinger

# How to Survive Your Freshman Year

The life of a freshman is hard. The way to get a good GPA is to crunch the books in the first year in high school. When you get into high school

trying to get to class can be hard but once you get past the first month of class is a piece of cake. There are several classes that can be taken. For example: Industrial Arts, Yearbook, & Newspaper. Industrial Arts class teaches carpentry skills like how to use a miter saw, a band saw and a drill. Yearbook class puts the pictures in the yearbook. The class goes around the school and takes photograph to put in the yearbook. Newspaper is a class where you write about current events that are happening at that time. This is what the life of a freshman is like.

## Job Hunting

Kelsey Newton

What I am going to write about is how it can be hard to find a job and how it can be hard to find the job that you always dreamed about having and not being able to get the job.

Fast food jobs can be hard to find if you're inexperienced working with money. You can fill out an application for a job but there could be a time where you don't get the job. If you don't know how to

count money and give the exact amount of change to the customer you can ask for help from a co-worker or the manager. Some places will not allow family members to work at the same job like Taco Bell. You can apply online or go to the restaurant to get an application for a job. If you have a interview you should dress nice and be polite to the manager or the boss. Hopefully you succeed in getting the job where you want to work.

job application

Name: \_\_\_\_\_

I would like to be considered for the following positions:

1<sup>st</sup> choice: \_\_\_\_\_

2<sup>nd</sup> choice: \_\_\_\_\_

Why would you like to have either of these jobs?

\_\_\_\_\_

\_\_\_\_\_

What qualities do you have that would help you be successful in either job?

\_\_\_\_\_

\_\_\_\_\_

I understand that I will be responsible for fulfilling the specific job duties. If I fail to do so my job will be reassigned to another classmate.
