

## **Classroom Discipline**

1. Discipline will be enforced as needed.
2. Normally there will be a procedure for dealing with student misbehavior:
  - Verbal warning
  - Detention with me after school
  - Office referral
  - Call home
3. However, certain offenses may be serious enough to immediately require a detention or office referral rather than a verbal warning. A student going through the discipline procedures can also expect a reduction in class participation points.
4. There may be times when the entire class or a portion of it requires punishment. These may become creative. These punishments may be used if I suspect one or more individuals are covering for an offender.
