September 22, 2022

Dear parents/guardians of junior high students,

We will be having parent-teacher conferences in-person during the evenings of **October 6th and 13th**. Junior high conferences are run a bit differently than the K-5 conferences. We like to meet with the parents as a group when possible. We gain more information when we all sit down to discuss a student since we are able to look for behavior trends or point out differences according to time of day or subject matter. However, with the large number of students we see each day there is no way for us to meet with all the parents during the allotted time for conferences. Because of this, we need to reserve the conference time for students with the highest need for discussion.

If your child has a low grade (D or F) in one or more classes, please be sure to email your child's homeroom teacher to schedule a conference. If you have any other concerns or questions and would like to have a group conference with your child's teachers, please don't hesitate to schedule a conference. Also, families who are new to the school or families with their first student in junior high who would like to meet us, check in, and ask us some questions, you are more than welcome to do so.

If you would like to just touch-base with your student's teachers and don't have any major concerns then feel free to send the teacher(s) an email. Email is the best way to reach us. Some of us have students in our rooms all hours of the day and cannot discuss private matters on the phone in front of them. If you would like to speak on the phone with one of us, please email us so we can set up a time to have a phone conference. If email is not an option for you, please call and leave a voicemail or a message with the office. We are always willing and happy to talk about our students and want to make sure any parent who has questions has the ability to ask them.

Parents should contact their child’s homeroom teacher to schedule a conference. All teachers available that night will be present even though you are scheduling with the one teacher. Please see the information below regarding email addresses. Thank you for your cooperation in this!

Sincerely,

### **The Winchester Grade School Junior High Teachers**
