not a long term solution

still open campus

not improved safety

kicking the can

structure still there

availability of
supplies/materials

\$10 million band aid

Cons of basic remodel of existing building (Option #3)

replacement part needs

maintenance

temporary fix

band aid

Pods

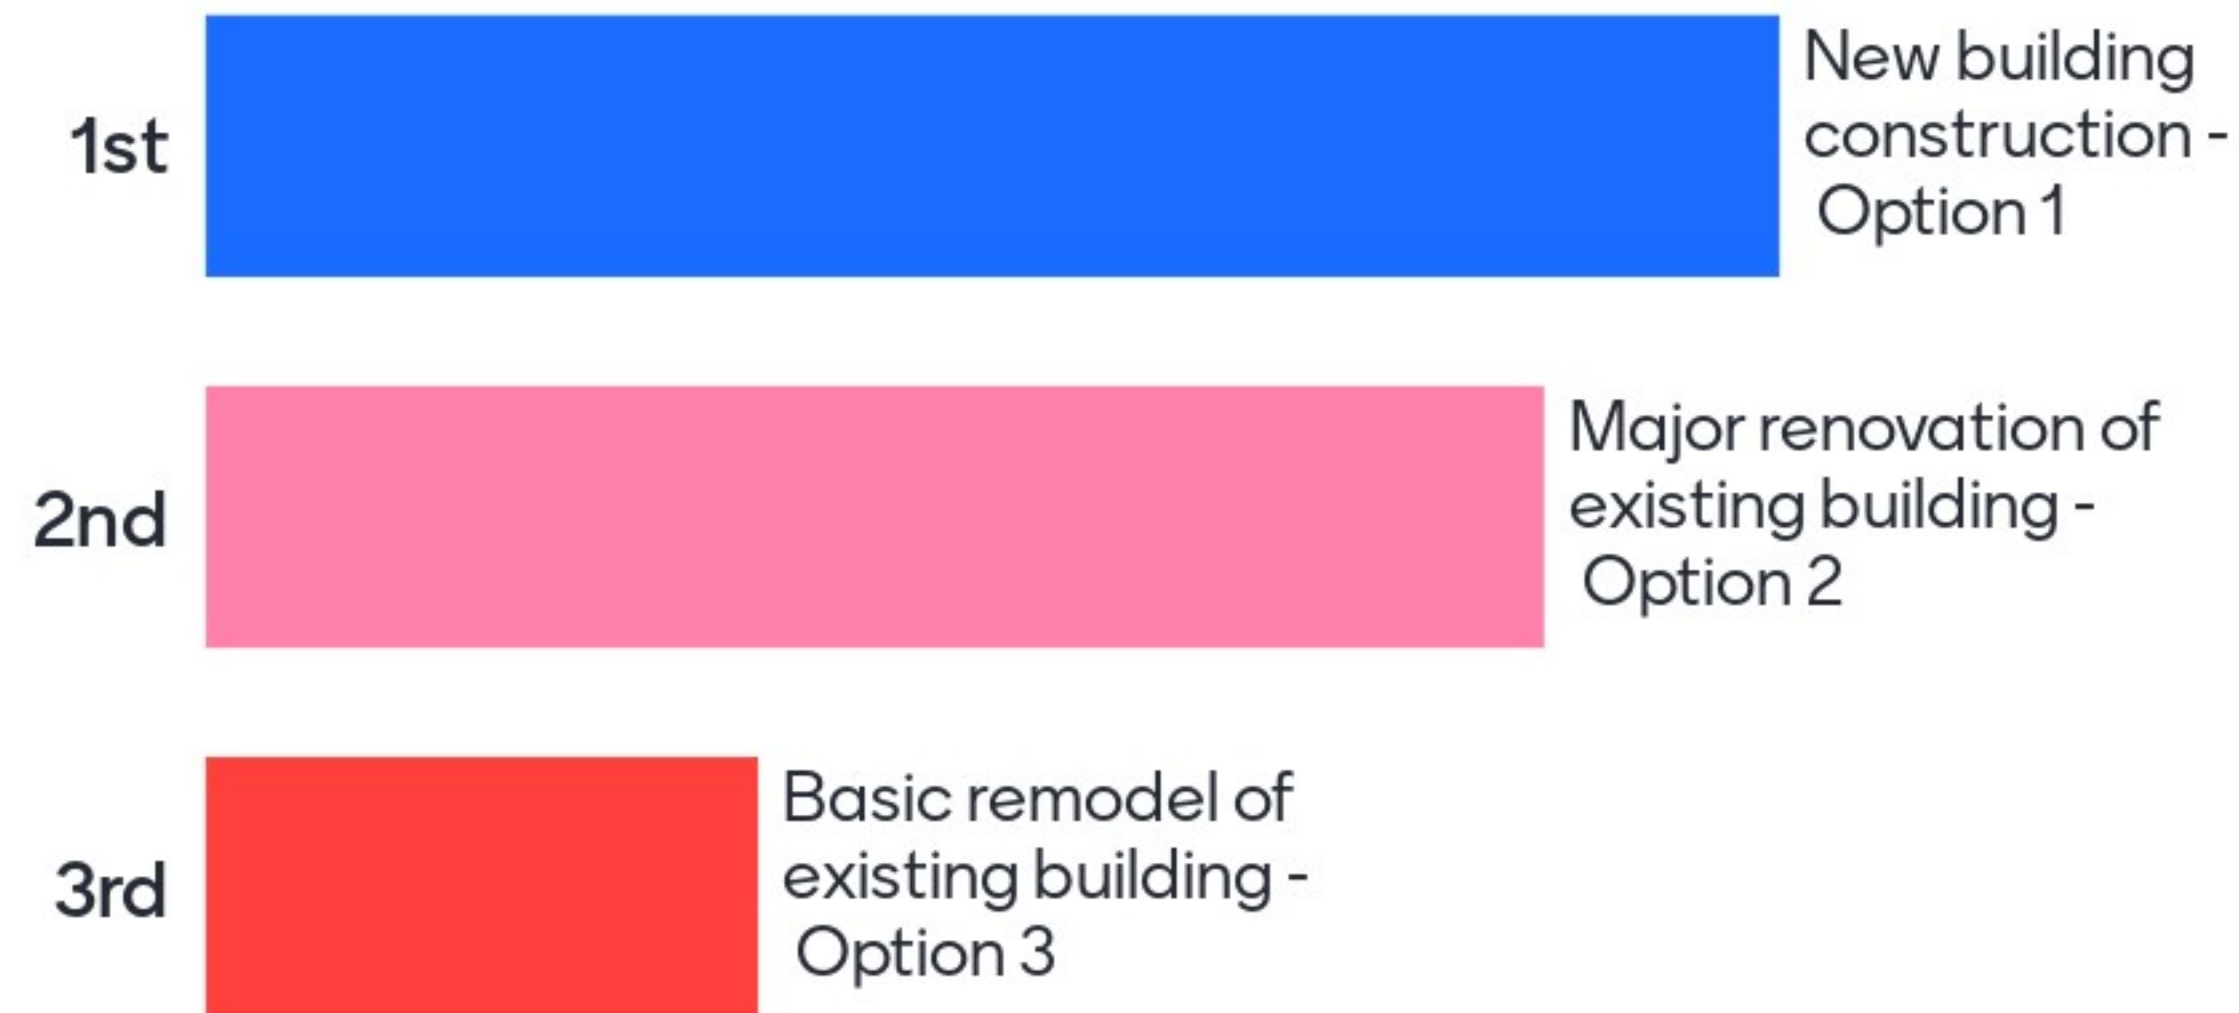

temp fix

kicking the can

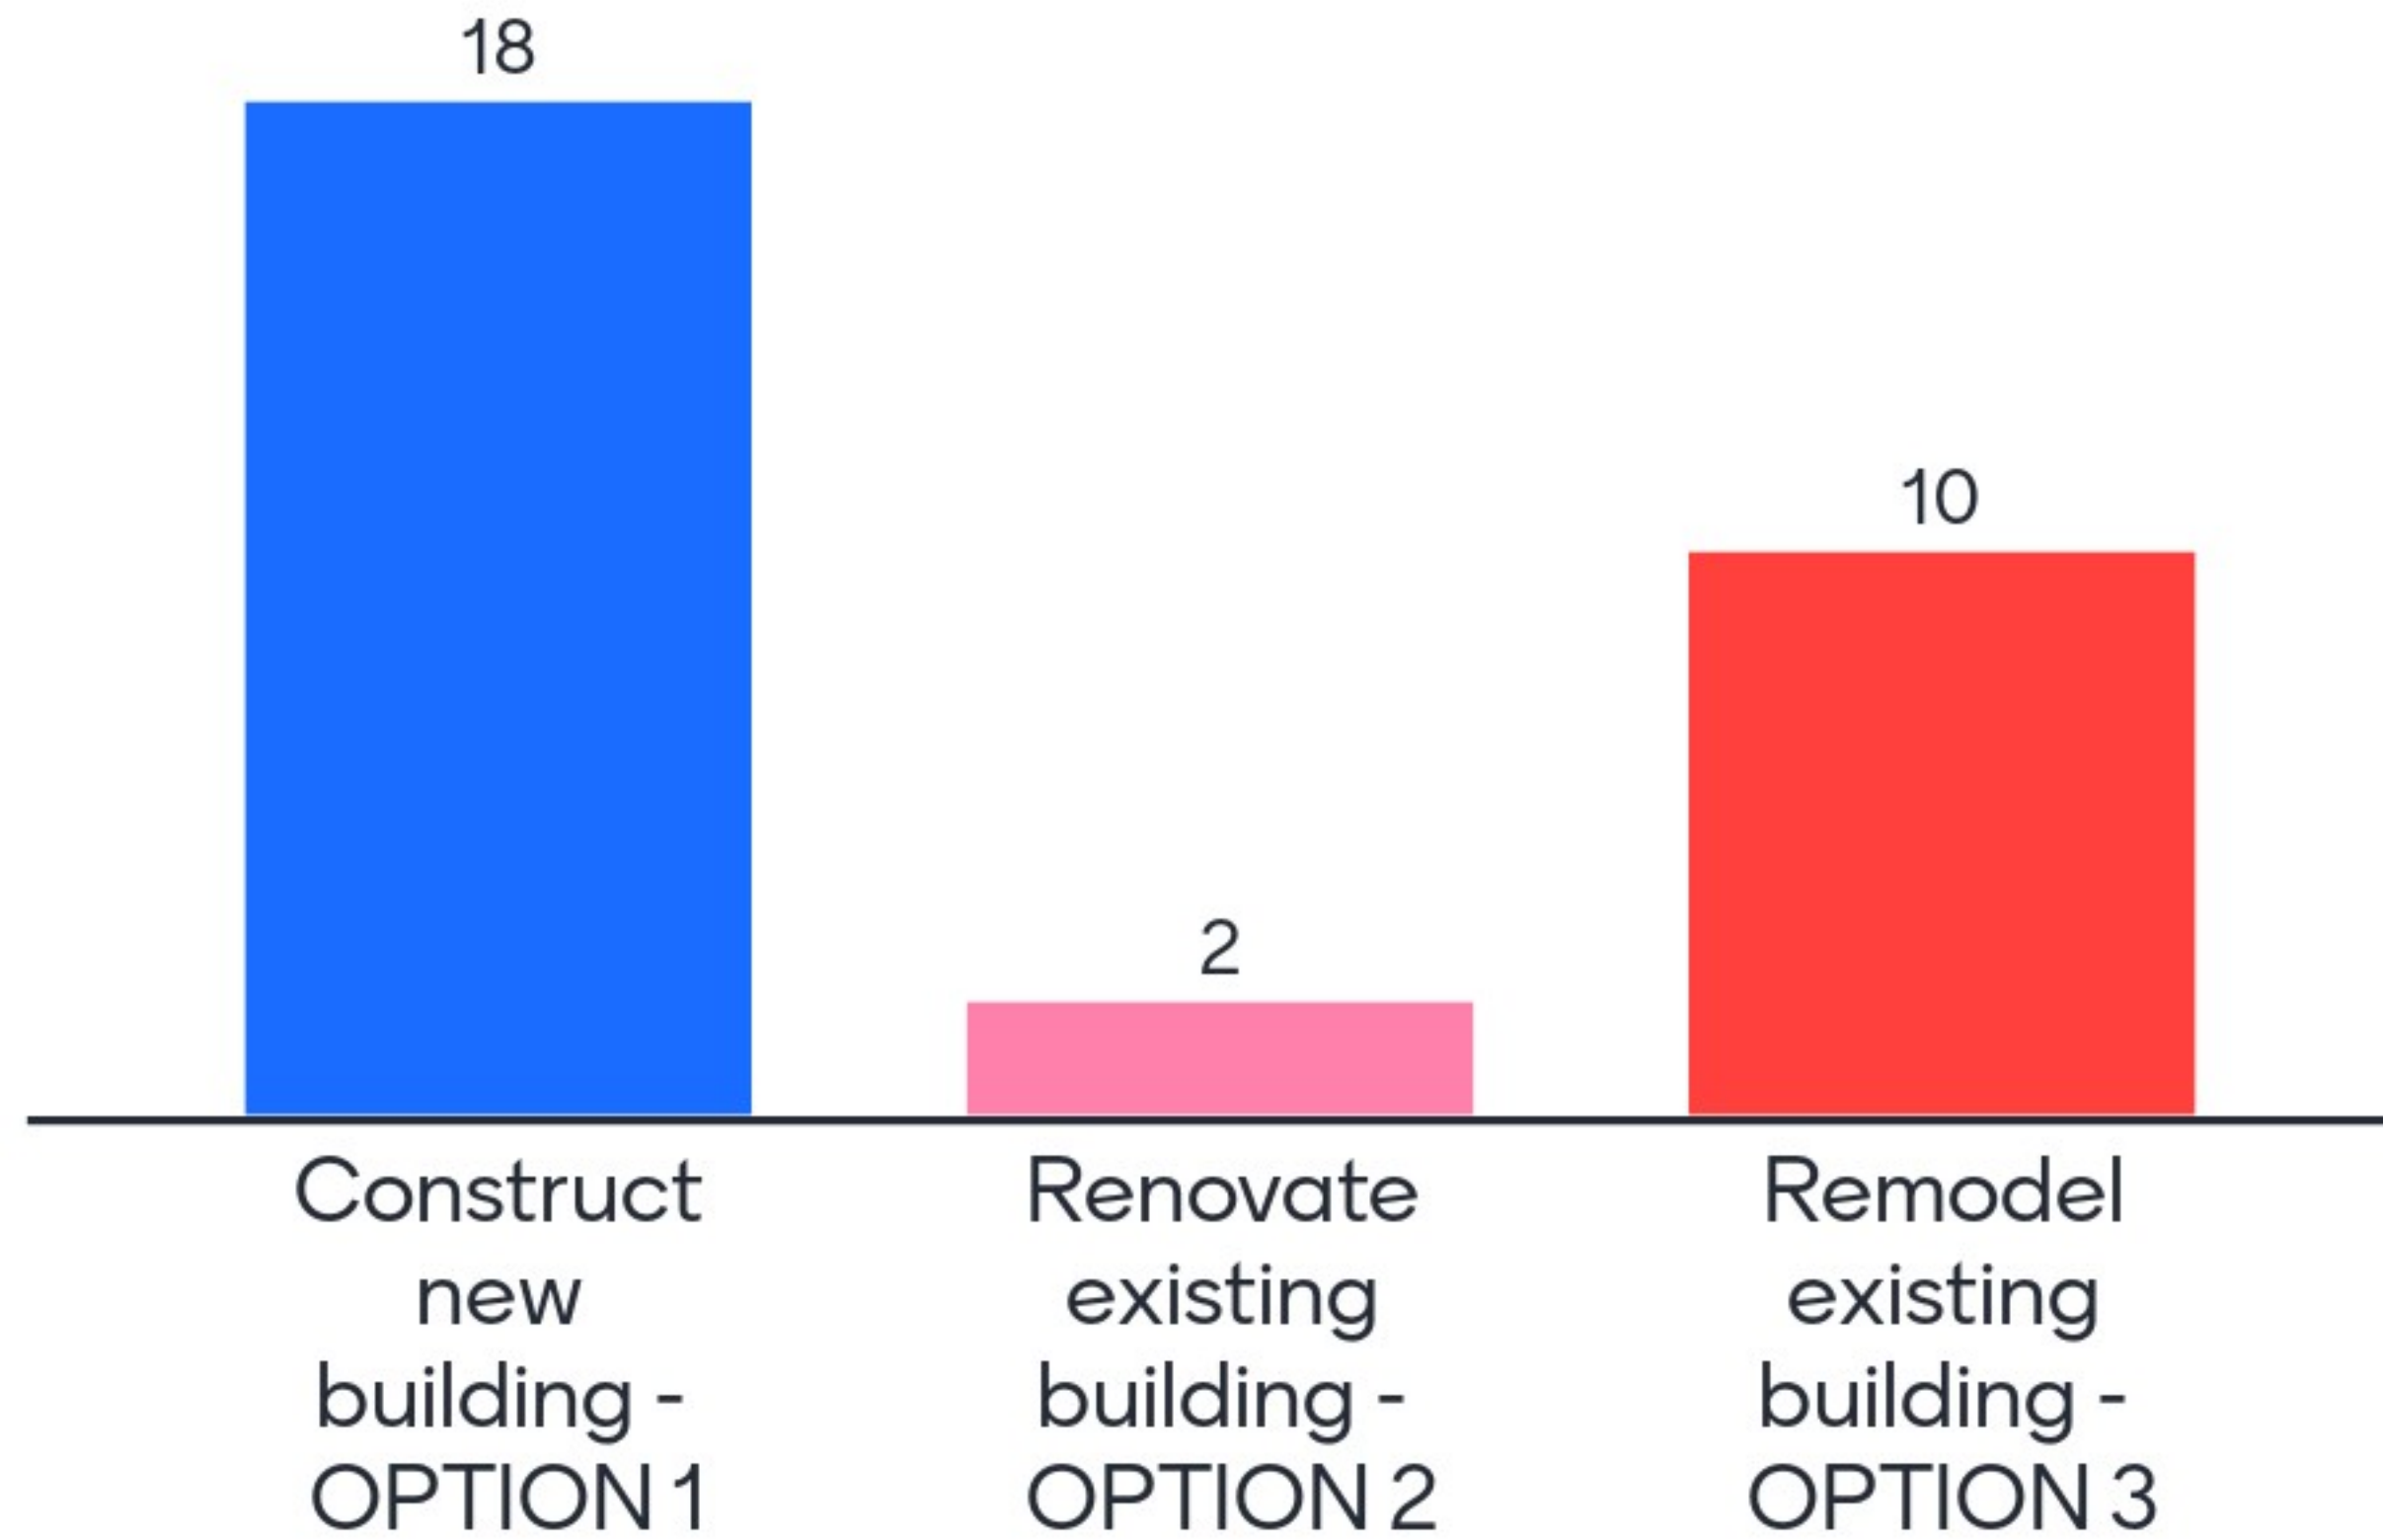

cost of future repairs

Please rank the 3 options, in order of your table's preference.

Multiple Choice

How can we improve ?

Before ballot it needs to be stated what would happen to the current high school.

Where will new building be located?

What will happen to old building?

Is coop with sports still going to occur?

Can we do this for less money?

Ending the sports coop to move forward

Can we continue to use the vocational space?
